

ASSESSMENT TYPES	DESCRIPTION	EXAMPLES
Annotated bibliography		
Case study/analysis		
Clinical performance evaluation	Diagnosis	
Creative work	A physical or digital manifestation of creative effort	Painting, drawing, short story, sculpture
Debate	A debate involves students in researching and analyzing a controversial topic based on a stance which will lead to a series of oral presentation of standpoints and arguments by the two opposite teams.	Formal debate, analytical debate
Demonstration	An opportunity for students to display competence in disciplinary techniques or demonstrate an artefact	Demonstration of an experiment, skills demonstration, practical demonstration, artefact demonstration
Design Implementation	A task that implements a previous design, student generated or otherwise	Systems design and development, website development, database development
Design Task	A task that requires students to develop the initial stages of a design concept	Prototyping and artefacts
Essay	A writing task designed to comply with the requirements of an identified academic genre	
Examination	An examination requires students to answer questions in invigilated, time-constrained conditions as per university policy.	Final Examination, Written Examination, Oral Examination/Viva
Facilitation	An opportunity for students to demonstrate disciplinary competence by leading a class or a portion of a class	Micro-lesson, seminar/tutorial facilitation
Field book	Notes that are collected during field work	Field book, Field notes, Experiment notes
Field work task	A task completed during fieldwork exercises.	Fieldwork data and analysis, field trip report
Lab book	Notes that are collected during an experiment or during field work	Practical notes, Experiment notes
Lab report	A document relating to labwork that presents information in an organized format for a specific audience and purpose	Written Lab Report, Online Lab Report
Learning plan	A task in which students list processes and goals that students will aim to complete or achieve through the unit or in professional practice	
Learning Resource Creation	Foundation accounting, engineering	Project, report
Lesson plan		Take out lesson plan from learning plan above
Literature review	A writing task designed to comply with the requirements of an identified academic genre	
Log book		
LOTE written composition	A written work completed in a language other than English	LOTE text, LOTE short story
Media presentation	A recorded presentation involving audio and/or visual material	Podcast, Vodcast, Multimedia PowerPoint Presentation
Modelling task	[Suggested by Science and Engineering]	Modelling task

Non-academic writing	A writing task where the requirements of academic/professional genres are not applied	Blog, wiki
Participatory task	A series of various low-stakes assessment tasks that are scheduled throughout the session to monitor student progress and participation in the unit.	A mix of low stakes tasks such as quizzes, reflective papers, role plays.
Performance	A live display of aptitude in disciplinary skills or techniques	Play, Music
Pilot	A new type of assessment that is being run for the first time, that will become a new category if pilot is successful. Will need approval to become pilot assessment types through Governance process.	-
Plan	A document that sets out the plan for a longer piece of work, research or project	Research essay plan & outline, major project plan, thesis plan
Portfolio	A collection of evidence assembled and managed by a student to show competency	Online Portfolio, Writing Portfolio
Poster	A visual presentation of research in a limited space using text and images	Research poster, Conference Poster
Practice-based task	A task that is embedded in a practice-based context	Business Plan, Marketing Plan, Practical, Rehabilitation Plan, Treatment Plan, Project Management Plan
Presentation	A diverse collection of tasks that demonstrate disciplinary knowledge or skills through verbal communication.	Oral Presentation, Business Pitch
Problem set	A series of problems for students to solve.	Linguistics Problem Set, Complex problem solutions, Computational Exercises, Discrete Problems, Proof, Theoretical exercises
Professional writing	A writing task designed to comply with the requirements of an identified professional genre.	Legal brief, Newspaper Article, Copywriting, Policy brief
Programming Task	[Suggested by Science and Engineering]	
Project	A piece of work that represents the culmination of extensive effort across unit(s), particularly in higher levels	Research Project, Engineering Project
Qualitative analysis task		Media commentary, media analysis, film response.
Quantitative analysis task	A task that centres around analysis. Outputs can vary.	Critical Analysis, Data Analysis
Quiz/Test	A series of questions in various formats that assess student knowledge, shorter than an examination. Can be multiple iterations across the unit.	Online quiz, Multiple choice quiz/test, Short Answer quiz/test, Long Answer test, Combination Test
Reflective Writing	A writing task that requires the student to critical evaluate their engagement with the unit's content and/or their studies more generally.	Reflective pieces to be included in a portfolio, blog, peer review, journal
Report	A document or artefact that presents information in an organized format for a specific audience and purpose	Project report, research report, oral report to supervisor.

Simulation/role play	"Role play and simulations are forms of experiential learning (Russell & Shepherd, 2010). Learners take on different roles, assuming a profile of a character or personality, and interact and participate in diverse and complex learning settings. (Source: https://teaching.unsw.edu.au/assessing-role-play-and-simulation) Immerse in the case. "	In-class activities; performance; simulations; case study; consultancy project with industry partner
Summary		
Teacher performance assessment	A task that allows students to demonstrate they are classroom ready by providing evidence of their teaching and the impact that have had on a child's learning during their final professional experience placement.	Evidence will include planning, teaching, assessing and reflecting components based on three case study children in their classroom.
Thesis	A piece of writing that represents the culmination of extensive effort across unit(s), particularly in higher levels	Research thesis
Translation	A piece of work that involves transferring a text from one language to another	Conference translation, textual translation, group translation
Viva		
Work-integrated task	A task that is embedded in a professional context	Workplace performance assessment
